

Golden Tile

General Catalogue

INTRODUCTION

GOLDEN TILE CERAMIC GROUP

Golden Tile Ceramic Group is a vertically integrated group of companies ensuring a complete cycle of ceramic tiles production and distribution.

THE CERAMIC GROUP STRUCTURE COMPRISES THE FOLLOWING COMPANIES:

Shakhtobud LLC is a company specializing in production of white firing clay, having a production capacity of circa 300,000 tons per year. Shakhtobud LLC has a license for clay extraction at Verolubivske deposit, which reserves are estimated to exceed 5 million tons. Shakhtobud LLC delivers 120,000 tons of clay to Kharkiv Tile Plant, completely meeting the plant needs for clay. The remaining amounts are exported by the Company to the ceramic factories in Italy and Spain.

Maidan-Vilsky Quarry LLC is a company specializing in extraction and enrichment of pegmatite, which is needed for producing tile biscuits. This enterprise also specializes in producing glaze. The production capacity of Maidan-Vilsky Quarry LLC is 215,000 tons of pegmatite annually.

Kharkiv Tile Plant PJSC has been the leader in ceramic tile industry for over 65 years. Since 2005 the company has been undergoing through a comprehensive modernization. In 2007

the company put into operation four new Italian Sacmi monoporoza lines with a production capacity of 10 million m², as well as two new highly productive continuous conveyor floor lines with a potential of 5 million m²; and two lines of the Kemak brand for decorations production with an annual production capacity of 0.5 million m².

In 2013 the Plant installed equipment for digital printing, which enabled achieving greater variety in terms of the product range and improving the graphic design quality. In 2015 it is planned to launch the 7th line for producing glazed porcelain tiles of large sizes, starting from 150x600 mm and up to 1200x1200 mm. This line would use the latest technologies of digital printing, rectification and polishing. In 2016 it is planned to launch the 8th and 9th lines that would use the "Continua" technology for producing technical porcelain tiles, with annual production capacity of 2,5 mln m² each.

As a result the total production capacity of Kharkiv Tile Plant PJSC will be increased to 23 million m² per year.

GOLDEN TILE LLC is the Kharkiv Tile Plant exclusive distributor. Golden Tile LLC comprises 13 Regional Distribution Centers: 8 in Ukraine, 4 in Russia and 1 in the EU.

Golden Tile LLC exports the products to more than 20 countries in Europe and Asia and cooperates with more than 1400 partners in these countries. 68% of goods is exported.

Own raw materials base, high-tech equipment, adherence to contemporary design trends and quality conformity to the EN 14411:2012 standards enable us to meet the most sophisticated consumer requirements.

PLEASE NOTE

In various illumination conditions the color shade of a tile may look different. The tile color displayed in the catalogue may differ from the actual product colors. When ordering tiles, please consider their application environment. Also, please carefully study and follow instructions of the third-party manufacturers, whose products are used in the tile cladding process, such as adhesives, grouts, ceramic and porcelain tile care products.

The manufacturer reserves the right to change any information and technical data displayed in this Catalogue at any time and without prior notice, where-as the information and technical data indicated should not be regarded as absolutely unalterable.
